Description

MonsterRun

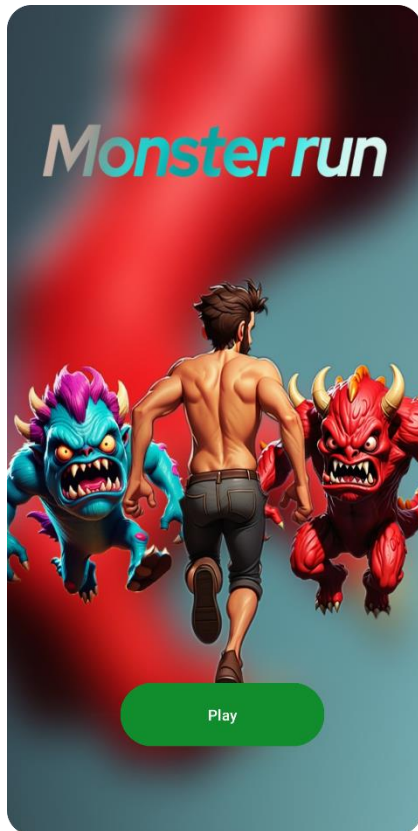

"MonsterRun" is an exhilarating game where you navigate a character through a perilous obstacle course filled with monsters. As you guide your character through the challenges, you must avoid colliding with the menacing monsters while collecting points along the way. The game intensifies as you progress, with the speed of the obstacles increasing, putting your reflexes and agility to the test. Stay alert, dodge the monsters, and strive to achieve the highest score as you embark on this adrenaline-pumping MonsterRun adventure!

Instructions

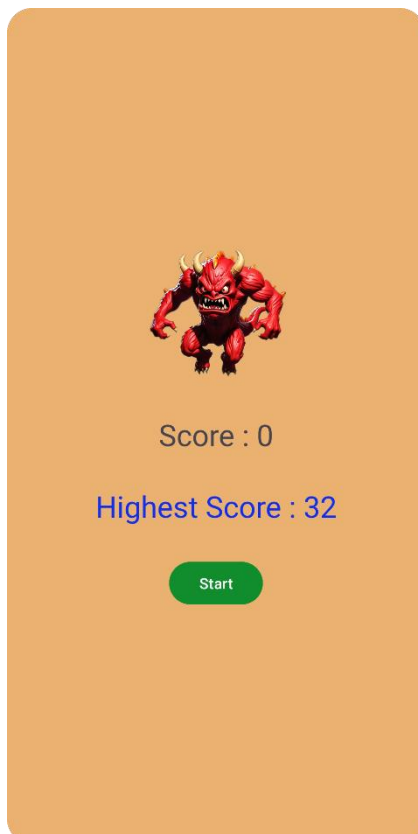

1. Tap anywhere on the screen to control your character's movement. Tap on the left side of the screen to move left and tap on the right side to move right.
2. Guide your character to collect points scattered throughout the game.
3. Be alert and agile to dodge the monsters that appear on the screen.
4. Colliding with a monster or the edges of the screen will end the game.
5. Aim to achieve the highest score by collecting as many points as possible and surviving for as long as you can in the thrilling MonsterRun adventure!
